			Mooring Offer-date sent.
Post to the Club Secretary and keep a copy for ref.			

General information about the process - Any Full Member may apply to join the Waiting List, including those that are already mooring holders but wish to be re-located an alternative mooring.

The Waiting List held on the Club website is compiled in order of receipt of Waiting List Applications by the RC Stores. The current Waiting List, will be posted on the Club website, with additions and amendments being made as necessary throughout the year.

However, the allocation of an available mooring is then processed in keeping with the type and location of the berth and the prospective boats specified within the application and any particular requests made by the applicant, i.e. the *best match overall*.

Allocation recommendations are then put to the General Committee for approval, together with any necessary supporting information or explanations; or in the case of a *tie*, the General Committee will make a final decision. To assist in such an eventuality, the Waiting List Applicants may be requested to provide additional information.

Every effort will be made to ensure fairness and openness in the decision-making process is pursued.

The Waiting List will be refreshed annually (in January following closure of membership renewals), existing applicants will be required to submit a fresh application, however their previous place on the Waiting List will NOT be lost.

If you are offered a mooring, you will be required to complete a FULL Mooring Application, on receipt by the RC Stores you will be invoiced and a Mooring Contract will be posted to you. **END**
